The image shows a close-up of a vehicle's instrument cluster. On the left, a portion of an analog speedometer is visible, with a red needle and markings for 60, 90, and 130. The needle is positioned between 60 and 90. To the right of the speedometer is a digital display with a black background and white text. The top of the display shows the time '13:33'. Below this, a horizontal line separates the odometer reading '50951' (with 'KM' above it) on the left from the trip meter reading '6282.5' (with 'trip' above it) on the right. In the bottom right corner, the date '18 01 2024' is displayed in orange.
